Pickle picks

It's a bit of a cliché, but some women really do hanker for pickles during pregnancy. If you're one of them, consider these artisan varieties:

Bob's Pickle Pops Popsicles made from pickle juice, which helps regulate blood sugar. bobspicklepops.com

Guss' Pickles The last vestiges of New York's original pickle district. gusspickle.com

McClure's Pickles Handmade from an old family recipe. mcclurepickles.com

Rick's Picks The Pregnancy Pack has crunchy whole dills, bread-and-butter pickles, cumin-lime spears and classics. rickspicksNYC.com

Tony Packo's Pickles A Hungarian-inspired selection of spears and peppers. tonypackos.com
